

ENGG 683 Winter 2022 The Pitch Competition

INTRODUCTION

This semester, you have come up with new venture creation ideas and have been working in groups on your project to experience the entrepreneurial process. Now it's time Pitch your ideas. This is your opportunity to convince an audience of your project's importance, present a compelling case, and clearly and concisely communicate your core message to a non-technical audience.

PITCH DETAILS

Each group will be given **6 minutes to deliver** their pitch followed by **4 minutes Q&A** session. Each group member is expected to participate in the pitch to practice presenting to a large audience. You will be evaluated based on your pitch as well as your ability to handle the questions during the Q&A session. The pitch represents 15% of your project grade.

Each group is required to submit their pitch deck to the Dropbox on D2L by **Friday April 8th 10:00am.**

PITCH GENERAL EVALUATION CRITERIA

The pitch will be evaluated based on several criteria including, but not limited to:

- Pitch Content and Quality
- Pitch Delivery
- Project Innovation
- Overall Impact
- Q&A session

Please refer to the content delivered during week 11 (*The Pitch* slides, in-class activity, and class notes).

PITCH COMPETITION WINNERS

Three winners with first place, second place, and people's choice awards will be announced on Monday April 11th during the lecture time.

PITCH SCHEDULE (Friday April 8th 11:00am – 1:45am MST)

There will be two sessions running at the same time in two different Zoom meetings to ensure we finish the competition on time.
