

Outline the advantages, targets, risks, costs, and opportunities of your business

Business Model Canvas

INTRODUCTION

Use this template in the early stages of a new business venture to outline all the advantages, targets, challenges, risks, costs and opportunities of your business. After completing each step, you'll have an exportable canvas representing all the key details.

Gather a group of key stakeholders from the business, add sticky notes to each section, and discuss. Each section should take about 10 minutes to gather sticky notes and discuss.

RESOURCES

Business Model Canvas Workshop Template

This template gives you separate spaces to work through all nine sections of the BMC, as well as the full BMC framework to organize your completed thoughts into a single asset. Create a mural from the template, then invite your teammates to start collaborating.

Mural

Facilitation Superpowers™

We've designed Facilitation Superpowers™ to save you time and keep you in control of your sessions, so you can focus on running a happy and productive workshop or meeting. Creators of murals will automatically be marked as facilitators, and they can give these superpowers to other mural members: ...
